

At EZ Pay Ireland, we offer clubs the opportunity to receive payments by card with no fixed monthly charges and no monthly bills.

With EZ Pay Ireland, you own the card terminal for a once off fee of €199 + VAT. This eliminates the monthly rental fee and a need for a contract. The terminals work off GPRS so there is no need for a Wi-Fi or Bluetooth connection.

All payments are settled into your club account less the low transaction fee of 2.5%. This means all the money settled in your account, is yours. You will receive no monthly bill or direct debit.

Payments can be taken for annual memberships, fundraising events, selling of club gear and monthly or quarterly lotto tickets. All payments can be taken in person including tap facility up to and including €50, as well as over the phone, allowing you to take the payment remotely

The key benefits for clubs using EZ Pay Ireland include the following

- Less trips to bank for lodgements
- Huge reduction in cash handling fees and bank charges
- Reduced Covid-19 risk with contactless payments
- Reduced security risk with storing cash
- Ease of collections of membership fees or monthly lotto tickets in person or over the phone

EZ Pay Ireland are committed to making the collections of funds and fees easier and affordable for clubs all over Ireland. To find out more and see how we can help you, just give us a call.

Kind regards

EZ Pay Ireland Team
